

4-Port Hub

4-port hub with USB-C PD, USB-C, USB-A, and HDMI ports

The 4-Port Hub turns that one USB-C port on your device into four ports: USB-C PD, USB-C, USB-A, and HDMI. Plug in another screen, transfer data between devices, even charge multiple devices. Tuck it into your bag for easy travel.

Provides Extra Connectivity

Crisp Clear 4k Display

UP to 100W

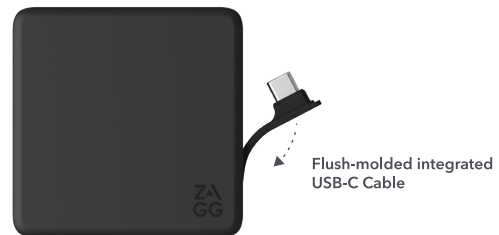

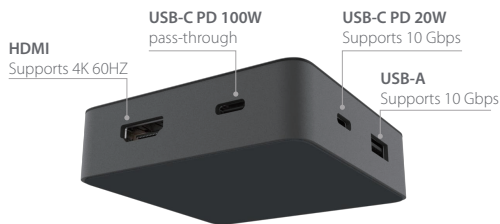

USB-C PD 20W Supports 10 Gbps

USB-A 3.2 Supports 10 Gbps

- Plug the 4-Port Hub into your device's USB-C port and instantly get four ports including a USB-C PD, USB-C, USB-A, and HDMI.
- The HDMI port supports a 4K resolution 60HZ screen so you can mirror or extend your device's display.
- The USB-C PD 20W port supports 10Gbps of bandwidth for fast data transfer between devices.
- Connect hard drives, a mouse, a thumb drive, phone, tablet or any high consumption devices.
- The integrated USB-C cable folds flush with the cube, so it doesn't stick out.

Expand your laptop into a full workstation. With the 4-Port Hub, you can turn that one USB-C port on your device into four ports: USB-C PD, USB-C, USB-A, and HDMI. Use the USB-C and USB-A drives to plug in devices and transfer data. Use the HDMI port to plug in another screen. You can even charge your laptop and other devices through the 4-Port Hub with up to 100W of pass-through power. The small, compact 4-Port Hub fits neatly in your bag so you can set up a workstation wherever you go.
